  List: $79.99
HEAR. BE HEARD.

DESKTOP AND PORTABLE CONFERENCING

Bluetooth® Wireless Speaker
Tired of headphones? Travelling and can’t share the music on your device?
Listen to your saved music anywhere using your Bluetooth® enabled iPhone, Android phone, iPad, tablet, iPod, MP3/MP4 player, PC/iMac. Take and make calls: the music will mute while you’re on your call and then return when the call ends.
- No Bluetooth®? Connect via the included 3.5mm Audio Cable.
- High fidelity wireless audio compatible with all current and new Bluetooth® devices (A2DP).
- Bass Boost for deep, rich, bass tones; Stereo Widening for 3D sound.
- Pause/Play, Next Track, and Back Track controls on top of the unit: control your music from either the Aura BluNote™ or your Bluetooth® device.
- Runs on 4 AA batteries or AC adapter (both included).
List: $99.99

Great for Skype and iChat! Use Aura BluNote™, BluNote Pro™ and Conference Mate™ with iPhone, Android phone, iPad, tablet, iPod, MP3 or MP4 player, PC/Mac.

Bluetooth® Conferencing Wireless Speaker
If you’re on a business trip and you want to have a professional sounding portable speaker for your phone calls, but also listen to music, this is the right product.
Just like the Aura BluNote™, you can listen to your saved music anywhere using a Bluetooth® enabled device. The music will mute on the BluNote Pro™ while you’re on your call and then return when the call ends.
- Lighted Capacitive Touch Panel Controls: no buttons.
- Rechargeable, extra capacity Lithium Ion battery for hours of use.
- Caller number ID scrolls across the front panel so you can screen incoming calls.
- 2 highest quality microphones so you sound professional when answering/making phone calls, plus Digital Signal Processing for noise and echo cancellation
- Passive radiator centered between 2 speakers for lots of volume, gives natural sound to any voice, and provides full frequency music playback.
- Pressing the Phone icon mutes the music while you take your call, then hangs up and resumes music when you touch it again.
List: $99.99

Bluetooth® Conferencing Wireless Speaker
Pro-quality conference room speaker in a portable 4”x4” package! Pair this portable speaker with your smart phone (iPhone or Android), tablet (iPad or other), PC/Mac, or other A2DP Bluetooth® device. Non-Bluetooth® devices can also connect, via the 3.5mm jack (using your own audio cable).
- NFC (Near Field Communications) chip means you can touch your NFC capable device to Conference Mate™ and it will pair automatically, instead of the usual Bluetooth® method of pairing.
- Full duplex, so you can speak and hear the other party at the same time.
- DSP for noise cancellation and echo suppression.
- Dual high quality omni-directional mic array so the unit will capture everything you say, and clearly. Enough volume so you’ll be heard well at the other end.
- Stream full, rich sounding music from your A2DP Bluetooth® device when you’re not on a call.
- Simple, capacitive touch controls.
- 7+ hours of talk time; USB recharges high power density Li Polymer battery.
- Downward facing speaker with passive bass radiator means a realistic, deep bass and rich sounding audio.
List: $119.99
